

MDBA PACERS

The Pet Safety Network

MDBA Pacers is going through truly exciting times and I'd like to take this opportunity to introduce myself to you as the new MDBA Pacers National Marketing Manager.

In previous roles I have experience and an excellent track record in administrative positions in government departments and private enterprise including law, management, human relations, security and deployment of large numbers of staff including lecturing in those fields.

I have also been involved in the membership and management of established National service clubs where I have served in various committee positions including the position of Club President for two terms.

I am thrilled to be on board with this National Charity. I am eager to be involved with its development and transitional period of high growth to take it to the next level of its development.

I have been overwhelmed and humbled to see the tremendous level of interest and support from the pet owning community throughout Australia for MDBA Pacers.

So far we have people who have put their hands up in all states of Australia who are prepared and happy to work with us in setting up local MDBA Pacers Clubs. The race is certainly on to see where the first MDBA Pacers Local club will incorporate.

I would like to let you all know that I am eager to help in any way I can to support you and the National Board, in order to realize our goal of having a strong network of MDBA Pacers local clubs throughout Australia. This will enable us to better serve the Pet owning population in times of personal or natural disaster. We will also be able to build teams with a strong community spirit to have fun and enjoy the company of like minded people while we are at it. It is most definitely a challenging and thrilling opportunity for all of us.

I look forward to getting to know you and meeting you all personally as we work together as a strong and viable team. We are most certainly instrumental in changing the future for domestic animals and their owners who need "a hand up".

Please don't hesitate to contact me if I can be of any assistance or if you have any inquiries.
